Dear Brooke and 'Jon:

Following up on our calls, could you connect Tirth with the right person to obtain

A) marcomm spend by channel for both program-level spend and overall awareness spend, by month, going back to when we started/

B) the entire flex online funnel (inquiries to accepts) by month by Flex online program going back to when started

Tirth will help build

A) A dashboard for basic data review and benchmarking (possibly LLM included in phase 2)

B) a forecasting tool by program to predict t+6 to t+1 ahead forecasts for each program

Thank you for enabling this asap!!

Regards,
Hari

Hi team,

I have asked the Ologie team for our historic month-over-month spend by channel and will report back.

Thanks!

Brooke

Tirth:

I attached three Excel files containing the month-by-month reports that I distributed for the Class of 2026, Class of 2027, and Class of 2028 recruiting.

- Class of 2026 – we did not ask program directors to provide reports until January 2024.
- Class of 2027 – we started collecting data in November 2024.
- Class of 2028 – we started collecting data in October 2024. (This file currently has one month. I will send the November report by December 10)

I am working with program directors to search their archives for data before January 2024 (class of 2026) and before November 2024 (class of 2027).

Each file has a worksheet tab for the overall flex online portfolio and a separate tab for each Flex Online program.

I am happy to meet with you to review the data.

`Jon

Thank you so much for providing me the dataset.
I would look into it one and then get back to you to meet with you as needed.

Thanks,
Tirth Shah

Yes sir, Whatever time works the best for you, i would be able to manage (if possible please exclude 12 to 3:30 from Monday to Friday), it would work perfectly for my end.
