Nate and Hari:

I mixed up the numbers for Table 1 in my original email message. Here is the corrected Table 1 that shows the correct anticipated cohort size for MIS and Marketing.

Table 1 - Anticipate Cohort Size as of October 2025

Program	Class of '26	Class of '27	Class of '28
FO MBA			13
FO MS ACCT			5
FO MS ENLD			19
FO MS HRM			22
FO MS MISY			15

FO MS MKTG			7
FO MS SPBA			- NA -

I apologize to Dwayne and Kourtney for initially reporting the numbers for your programs incorrectly.

Nate and Hari:

I am sending the monthly report for the Flex Online Admissions tracking as of October 31, 2025. Table 1 shows a summary of the anticipate cohort size for each program as of October 31, 2025.

A few notes regarding this month’s report:

- 1. On the “All Programs” worksheet, I added a new column under each program to show recruiting data for the past two years alongside this year’s efforts. Each column is labeled by the class year being recruited. For example, the FLEX ’26 column represents recruiting for the Class of 2026, which began the Flex Online program in August 2024. This structure allows for direct month-to-month comparisons across recruiting years.
- 2. For the Class of 2026, admissions tracking began in January 2024, so there are no data for the earlier months of that recruiting cycle.
- 3. For the Class of 2027, admissions tracking began in November 2025, so no data appear for this month yet.
- 4. Ologie did not have any specific campaigns running in October, so there are no marketing campaign metrics to report this month.
- 5. I added a worksheet tab for the Flex Online MS Sport Business Analytics

Table 1 - Anticipated Cohort Size as of October 31, 2025.
